

# Landfill Rules and Guidelines

1. Speed limit is 10 MPH throughout the landfill site.
2. Enter at your own risk. Follow all signs and instructions given by landfill employees.
3. Stop **COMPLETELY** before **SLOWLY** driving onto the scale.
4. Leave your load tarped until you are at the dump site and ready to dump.
5. Make sure your vehicle is within the scale boundaries. This includes the truck **and trailer**.
6. Leave children and pets at home for their safety.
7. **Stay in line!** Dump in the order that you came across the scale; do not cut in front of trucks that are waiting to dump. Stay in your vehicle while waiting to dump. Dump **between** the "X" signs, **not on** the "X" signs. Charges will be assessed to loads dumped in the wrong location.
8. Tires must **NOT** be mixed with other wastes. **An additional fee of \$10 per tire will be charged if tires are in dumped loads.**
9. A mixed load charge of \$10/ton (minimum of \$50) will be charged if yard waste is put into the landfill. Yard waste (leaves, brush) must **NOT** be put in the landfill.
10. Stay away from all equipment... Do not walk or drive near equipment. Do not pass landfill equipment on Authority property. Landfill equipment has the right of way.
11. Stay out of trash/waste – **NO SCAVENGING IS ALLOWED.**
12. Leave animals (birds) alone.
13. Clean-outs of containers or trailers are done based on availability of personnel and/or equipment.
14. **No refrigerators are accepted unless Freon is removed and tagged.** See the "Prohibited Waste Sheet" for a list of other prohibited wastes.

**These guidelines are given for your safety while at the landfill. Please abide by these landfill guidelines and follow any instructions given by landfill employees. Failure to do so may result in revoking of dumping privileges and/or additional charges.**
